

FEATURES :

- Relatively simple design concept which can be used in many lighting applications
- Joinable to required length
- Beam down with equally even light distribution. Enhanced PCB Board which are replaceable, 50,000 hr lifespan.
- Reliable and durable anti flicker Boke driver with 3 years warranty

PC cover

Japan's Mitsubishi PC

light transmission $\geq 83\%$

High temperature

ALUMINUM LAMP BODY

Structural stability without deformation

Anodized surface

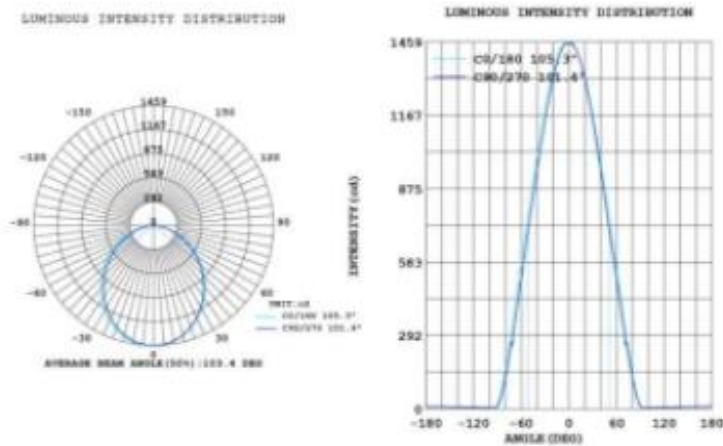

APPLICATIONS

Ideal for homes, schools, offices, walkways, gym, supermarkets

Model	Power (W)	Led Brand / Type	Beam Angle	Lumen (Lm) 4000/600K	Dimension (mm)	Output AC	Driver	Finish
EL-6280-CCT	30W	Epistar 2835	100 Deg	3000	1200*62*80	200-240V	Boke	Black /White
